duration, engagement, etc

(2) Define and list examples of GBV actors and non-GBV actors

- Advocacy and campaigns, define meaningful, sustainable

D. MSNA

- [MSNA findings](#) & implications for GBV actor program design
 - % of female respondents reporting to which service point they would refer a friend to who had faced any form of gender-based violence, by most reported services

Host Community

Community-based dispute resolution mechanisms 49%

Health facilities 37%

Law enforcement officials (i.e. police) 29%

Family/relatives/guardians/curator or legal authorized representative 24%

Legal aid service providers 23%

Refugee community

CiC 58%

Majhi 54%

Don't know 15%

Health facilities 14%

Law enforcement officials (i.e. police) 10%

Women-friendly spaces/multi-purpose women centers 10%

Both groups perceived GBV referral preference: CiC, Mahji > WFS & health facilities

Partners reactions to MSNA results on why CiCs and Mahji are preferred point of referral

- Lack of trust in the service providers/facilities
- Immediate/tangible action from CiCs and Mahjis
- Long case management process
- Fear of retaliation

E. AoB

- GIHA will share gender considerations for JRP 2024 process through continuing communications from the GBVSS

Closure of the meeting

Finally, Rebecca Nakaweesi thanked all participants for their active participation and closed the meeting.
