

85 Victims of Trafficking (VoTs) identified

59 Men

16 Women

9 Boys

1 Girls

The Dashboard reflects available data about Rohingya refugees' victims of human trafficking that ATWG members have identified and assisted. 85 refugees were identified between October and December 2023. The data in this dashboard is generated only from information communicated by ATWG members and should not be interpreted as showing the extent of prevalence of human trafficking in the camps. These statistics may be subject to change.

Among the VoTs identified, 80% of individuals identify as male and 20% identify as female.

Number of identified victims by Month

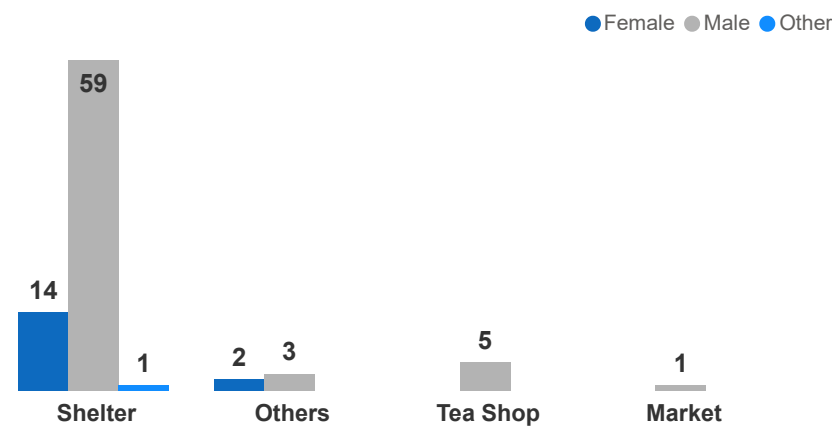

Type of Trafficking/Form of Exploitation

70% of individuals identified were victims of trafficking for the purpose of forced labor.

Place of Recruitment by Gender

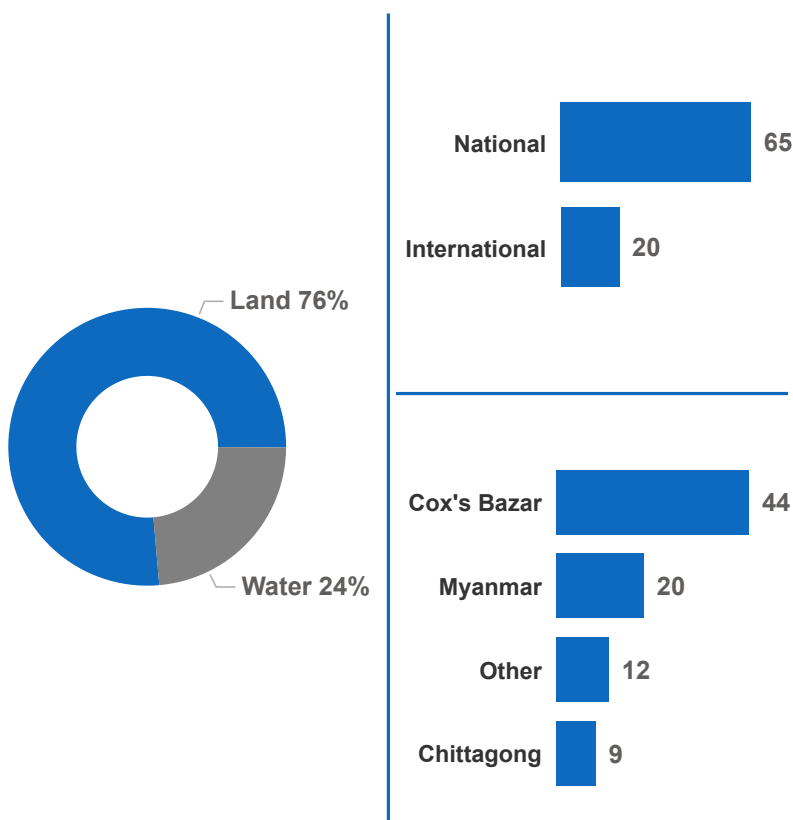

The recruitment or initial engagement into the trafficking situation mostly occurs while refugees are at their shelters (homes)

Promises During Recruitment

70% of reported cases, promises of work were made during the recruitment stage. In most instances, the exploitation involved activities such as agriculture, construction, domestic work, livestock raising, and day labor.
