Key Discussion Points:	Action points
 IYCF TWG Annual Workplan Based on participants' feedback from both online and in-house and discussion points since last year, the topics of the work-plan have been drafted. To improve quality of IYCF service, periodic performance assessment, monitoring and coordination need to be strengthened. All members discussed and suggested to review and standardize the IYCF training content for the harmonized practice and knowledge cascading in the services level. Trainer's pool can be maintained and support accordingly to partners. 	 TWG Chair will share the draft annual work- plan and ToR with all the members for inputs.

IYCF-E TWG Meeting

Some member suggested to prepare "training facilitator's guidance" but others are added that it will be a big responsibility and there is also CCTN and global guideline for this purpose.	
There was a discussion regarding the SBCC highlighting task that WFP already working from 2020. NS mentioned that the Health Sector expressed interest regarding IEC materials related to Myths & Misconceptions related to breastfeeding for the preparation of World Breastfeeding Week. TWG will check global documents.	be sent to book the year-long Calander after confirmation receive from AIM TWG.
AOB	
• Produce an evidence-based story book to incorporate all partners case study and success story and publish under IYCF TWG banner.
