PSEA Network Updates	<ul style="list-style-type: none"> On September 19, 2024, the PSEA Network conducted a training titled "Saying No to Sexual Misconduct" with Livelihood and Skills Development Sector Focal Points to ensure humanitarian workers understand their roles in preventing and responding to sexual exploitation and abuse. The PSEA Network provided a PSEA orientation to Nutrition Sector Focal Points on September 11, 2024. In collaboration with RSH Bangladesh and CHS Alliance Bangladesh, the PSEA Network organized a PSEA workshop on September 24-25, 2024, in Cox's Bazar. 17 Bangladeshi NGOs participated, focusing on 	PSEA Network Members

	building the capacity of PSEA focal points in PSEA policy review and development.	
Launching of IASC Learning Package (Bangla Translation)	<p>The Cox's Bazar PSEA Network, in collaboration with Co-Chair Tdh, has successfully translated the IASC "Saying No to Sexual Misconduct" and UN OVRA's Victims' Rights Statement. The valuable feedback from all members was instrumental in finalizing these important documents.</p> <p>Mahiratul Zannat, the Co-Chair from Tdh, shared their experience in the translation journey and presented the Afrida Case Story Video. Tdh, as Co-Chair, will continue to support PSEA initiatives.</p> <p>Receiving PSEA training in one's native language is crucial. Members are kindly requested to share this information with their organizations and implementing partners, so they can utilize these materials to train their staff and related personnel.</p> <p>IASC Learning Package on Protection from Sexual Misconduct BN</p> <p>OVRA's Victims' Rights Statement</p>	Task Team
Findings from the Bi -Annual Report (January to June 2024)	<p>This year's Bi-Annual report (January to June 2024), contributed by 88 members, underscores consistent reporting from UN members and BNGOs, though there is a noted decline in data sharing from INGOs (36 in 2023 to 24 in 2024).</p> <p>Key issues identified include a lack of gender balance among staff, gaps in staff training, and community awareness. Additionally, challenges with Camp-in-Charges, investigation capacity, and budget constraints were highlighted. The Network has urged PSEA Focal Points to ensure 100% mandatory staff training and to enhance community awareness efforts.</p>	PSEA Network Members
Presentation on Membership of CHS Alliance	<p>CHS Alliance is the leading global network dedicated to helping organizations continuously improve their accountability to people affected by crises. By fostering closer, more accountable relationships, CHS Alliance believes organizations can deliver higher quality and more effective aid. Utilizing the Core Humanitarian Standard, CHS Alliance supports organizations in adapting to a changing world.</p> <p>Rosa Argent, Director of Communications & Network Engagement, highlighted the benefits of CHS Alliance membership and the process of becoming a member. Joining the CHS Alliance means being part of a powerful movement committed to greater accountability in aid. Members contribute to a dynamic global network of over 220 organizations, all focused on putting people affected by crises at the heart of their work and building a more accountable and equitable aid system.</p> <p>For further details, please visit www.chsalliance.org/join or Contact: membership@chsalliance.org and rargent@chsalliance.org</p>	PSEA Network Members and NGO Platform
