

Welcome and Opening Remarks:

The meeting opened with a warm welcome from Prosenjit Baidya (Disability Specialist, ISCG), who thanked members for their ongoing commitment to age and disability inclusion in the Rohingya response.

Discussion of Meeting Agendas:

Sr. No.	Agenda	Discussion	Action Point
1	Operational Update – ISNA	Data collection for the Inter-Sector Needs Assessment (ISNA) has been completed. The reporting process is ongoing, and the final report will be shared once finalized.	Prepare the narrative for the Age and Disability section and share it with the team.
2	RAAL Lab Update	Humanity & Inclusion (HI), in coordination with ISCG and co-facilitated by persons with disabilities, conducted the Review, Adapt, and Action Learning (RAAL) Lab Workshop for health sector partners UNICEF and Friendship. The objective was to review, jointly develop, learn, and adapt assessment tools in alignment with the IASC Guidelines on Inclusion.	Conduct field visits to observe and validate the modified tools developed through the RAAL Lab.
3	Technical Support Needs (Protection Working Group – PERU Training)	The Protection Working Group requested facilitation support for training members of the Protection Emergency Response Unit (PERU). Training Topics: Types and categories of disability, identification methods, available services, etiquette for engaging with persons with disabilities, and Disability-Inclusive Disaster Risk Reduction (DiDRR). Proposed Venue: UNHCR Conference Room / ISCG Office Tentative Dates: 13–21 October 2025	Confirm facilitation and finalize the date. CDD initially showed interest in facilitating this training.
4	IEC Material Development by CBMG	The CBMG team shared a plan to develop two IEC materials focusing on: (1) the Four Must-Do Actions of the IASC Guidelines on Inclusion, and (2) Disability-Inclusive Disaster Risk Reduction (DiDRR) – <i>“Inclusive Preparedness: Safety for All.”</i>	Finalize the content and design of the IEC materials and share drafts for feedback before printing.
5	CDD Monthly Activity Update	The CDD team presented updates on ongoing rehabilitation and inclusion activities and shared newly developed IEC materials with members for feedback.	Continue monthly progress reporting and share the finalized IEC materials with partners.
6	IOM Monthly Update	IOM colleagues shared their Accessibility Audit Impact Assessment Report 2025 with the group.	Review the report and apply the lessons learned in upcoming activities.
7	SARPV Monthly Update	SARPV colleagues shared updates on the distribution of prosthetic and orthotic devices among persons with disabilities in the camps.	Continue coordination and share monthly quantitative updates with the group.
8	Upcoming	Planned actions include:	Responsible partners

	Activities (October)	<ul style="list-style-type: none"> - Finalization and dissemination of IEC materials on inclusion and accessibility. - Preparation and launch of the Disability Inclusion Resource Hub website. - Finalization of the ISNA 2025 report (Age and Disability section) with stakeholder consultations. - RAAL Lab pilot and field validation visits. 	to follow up on planned actions and share progress during the next monthly meeting.
